1. As stated in reference B,

Wilhelm ZOEPP  
 POOB: 11 March 1908 in Munich

was traced by CATIDE in August 1961 because he was a friend of the convicted KGB courier for Heinz FELFE. During World War II ZOEPP spent most of his career in Holland as Adolf RICHMANN's representative for the Jewish transportations. ZOEPP's career and post-war history are further described in the attached article from the Neue Zürcher Zeitung for 10 May 1963.

2. "The Final Solution" mentions Dr. KALMEYER of the German Commissariat of Justice, also described as Reichskommissar Dr. Artur SEYSS-INQUARDT's legal assistant. The book however only contains one sentence on him. Dr. KALMEYER of the German Commissariat of Justice wanted 370 members of the Amsterdam Portuguese community, 'who had no affinities with Eastern Jewry', to be interned separately - and Dr. KALMEYER succeeded, the more surprisingly since at this very moment the greatest of all the former Spanish Sephardic communities, that of Salonika, was in process of destruction in Auschwitz." In view of his wartime assignment, we assume that the Dutch authorities would be able to determine whether Dr. KALMEYER is identical with

Hans KALMEYER  
 Osnabrueck, Moserstrasse 10, Germany

They should also have additional information on Wilhelm ZOEPP.

3. Also mentioned in the attached article is

(Dr.) Wilhelm HARSTER

former Lt. General of the SS who was sentenced to 12 years imprisonment by The Hague Court in June 1947 but was released in 1950. HARSTER was commander of the Security Police in Holland. HARSTER is currently in Munich and was fired from the Bavarian Interior Ministry when his World War II career again became the subject of public attention. During the war HARSTER was the direct superior of Heinz FELFE and one other current CATIDE staff officer. Through these contacts HARSTER tried to feed CATIDE a string of agent candidatus, most of whom were rejected for security reasons.
